Prabu B
Web Developer

Creative Front-end Developer with over 9 years of professional experience in web and mobile application development. Skilled in developing hybrid mobile apps using Flutter and Ionic and creating responsive web applications using HTML5, JavaScript, Angular, ReactJS, and Bootstrap. Experienced in communicating with backend services and managing deployment processes, including Play Store uploads.

Educational Qualification:

- Bachelor's in Engineering (Electrical & Electronics) – D.M.I College of Engineering, Chennai, Tamil Nadu (April 2007) with 65%
- Diploma in Electrical & Electronics Engineering – Sun Institute of Technology, Nagercoil, Tamil Nadu (April 2004) with 86.58%-

Technical Skills

Languages: HTML5, JavaScript, CSS3

Frameworks & Libraries: Angular, ReactJS, NodeJS, jQuery, Flutter, Ionic

Development Tools: Visual Studio Code, GitHub

Platforms: WordPress, Prestashop (e-commerce), Web and Mobile applications

Operating Systems: Mac, Windows, Ubuntu

Deployment: Android Play Store management and certificate provisioning

Expertise

Front-End Development: Extensive experience in building responsive web applications using HTML5, CSS3, JavaScript, Angular, and ReactJS.

Hybrid Mobile App Development: Developed mobile applications using Google Flutter and Ionic, integrating features like media handling, maps, and third-party APIs.

E-commerce Development: Hands-on experience with WordPress and Prestashop for e-commerce websites.

Collaboration & Communication: Skilled in coordinating with backend teams for data communication and API integration using JSON.

UI/UX Design: Proficient in creating user interfaces with Bootstrap and SCSS for responsive and visually appealing designs.

Work Experience:

Senior Software Engineer (Jan 2015 – Present)
- Developed the front end for web and mobile applications using AngularJS and CSS3.
- Managed API communication, retrieving and sending JSON objects to and from the server.

Senior Multimedia Programmer (Aug 2013 – Dec 2014)
- Developed interactive e-learning courses for platforms like Philips and BlackRock.
- Implemented business logic and front-end components using HTML5, JavaScript, and CSS.

HTML5 Programmer (Oct 2012 – July 2013)
- Developed interactive e-learning applications using HTML5 and CSS3, focusing on cross-platform compatibility for desktop, tablet, and mobile devices.

Multimedia Programmer (Sep 2011 – Oct 2012)
- Designed and developed multimedia components for web and mobile applications.

Freelance Web Developer (May 2008 – Sep 2011)
- Delivered various web development projects, specializing in multimedia and responsive design.
